

## **Sensible Socialite Spring Tribute to Blast Off Summer**

Summer is almost here. This past few weeks things have been heating up all over the city getting ready for the blissful season.

New Yorkers ushered in the long, hot summer days at [Haven Rooftop](#), one of New York's most expansive and bustling rooftops, in the heart of Times Square. On Wednesday, May 24th, in partnership with Grey Goose, the rooftop hosted *Hello Summer* with more than 100 A-list friends and influencers, including Dale Noelle, Dr. Christopher Calapai top cosmetic dermatologist Dr. Kenneth Mark, and dozens of models from True Model Management. Guests were treated to delicious hors d'oeuvres such as tuna tartare and feta and watermelon skewers bites, inventive Grey Goose cocktails and music by DJ Annie Sollange.

The multi-level venue located atop the Sanctuary Hotel boasts three separate rooftops, offering guests the opportunity for intimate conversation or social networking. Whether you are looking for an after-work party or a weekend summer escape, Haven Rooftop offers the best of both worlds. The main rooftop is open seven days a week and offers a variety of dining options including Sunday Brunch, Pre-Theater Prix Fixe and Monday-Friday Happy Hour from 4-7pm.
