WINTER WONDERLAND: HAVEN ROOFTOP AT THE SANCTUARY HOTEL

Haven Rooftop at The Sanctuary Hotel was magically turned into a Winter Wonderland where they served up seasonal cocktails and really good treats; the S'mores were our favorite. The rooftop Ski Chalet is heated and fully tented for extra comfort. During our visit, the staff was very attentive and friendly, making us feel right at home.

Their festive cocktail menu has something for everyone, like the Ride Pudding Martini, Milky Way Martini, The Spiker Hot, The and Toasted Almond. The cozy spot is perfect for date night or hanging out with friends. Speaking of friends, you and your homies or girls must take shots of Russian Standard Vodka right off the ski! What a great way to get the night started.
